**April 29      May 20      June 24      July 29      August 26      September 16**  
**CLOSING DATE:** Monday prior to show

The intent of this mini-series is to offer courses that are straight forward and inviting with wide faces and encouraging wings to help "steer" into the fence correctly. Obstacles with a greater degree of difficulty such as Banks, Drops, Ditches, and the Water Complex are generally flagged in a way to offer multiple options. Courses are considered schooling or "move-up" and are **not** built to the maximum height and width requirements. None of the courses will be timed and riders are trusted to report their faults back to the starter after completing the course.
